### Sing colour, Table top,Closed Cup, Motorised Pad Machine

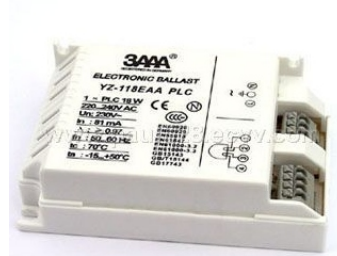

### Other Important Features:

- 1) Electric Motor Operated machine 200w
- 2) No Air Compressor required
- 3) Runs on 5A House hold single phase power
- 4) X, Y table for easy registration.
- 5) Heavy Structure
- 6) Very low maintenance.
- 7) No wastage of ink
- 8) Space saving can be used in homes.

### Other Pad Printing Machines:

- 1) Transverse Cup : For bigger printing area. example 12" plastics scales.
- 2) Three colour and four colour pad printing machine.
- 3) Roller type ( 360 degree) pad printing machine.
- 4) Pad printing machine with indexing table.

Machine type	60 Cup Single colour	90 Cup Single Colour
Drive	Motor	Motor
Plate size	70mm x 140mm x 10mm	98mm x 213mm x 10mm
Max. print area	45-50 mm Diameter	75mm Diameter
Printing Stroke Max.	25mm	50mm
Machine Size.	250 mm x350mm x 400mm	600 mm x700mm x 700mm
Air consumption	NO	NO
Power requirement	230V 5 A 50 Hz Single phase.	230V 5 A 50 Hz Single phase.
Speed per hr.	1400 Fix speed single colour	1200 Variable Speed
