### Sing colour and Two colour pad printing machine

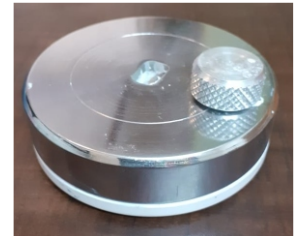

### Other Important Features:

- 1) Pneumatics from Pneumax, Mindman and Festo
- 2) PLC and HMI for DELTA electronics.
- 3) Ceramic dual edge cup ring
- 4) X, Y table for easy registration.
- 5) Heavy base table ( Optional)
- 6) Very low maintenance.
- 7) Easy to operate with HMI settings
- 8) Input / Output list on HMI

### Other Pad Printing Machines:

- 1) Transverse Cup : For bigger printing area.  
example 12" plastics scales.
- 2) Three colour and four colour pad printing machine.
- 3) Roller type ( 360 degree) pad printing machine.
- 4) Pad printing machine with indexing table.

Machine type	One colour	Two colour (Pad Shuttle)
Drive	Pneumatic	Pneumatic
Plate size	98mm x 213mm x 10mm	2 X 98mm x 213mm x 10mm
Max. print area	75mm Diameter	75mm Diameter
Printing Stroke Max.	100mm	100mm
Machine Size.	600 mm x450mm x 1600mm	600 mm x700mm x 1600mm
Air consumption	2 Cfm @ 6 Bar Pressure	3 Cfm @ 6 Bar Pressure
Power requirement	230V 5 A 50 Hz Single phase.	230V 5 A 50 Hz Single phase.
Speed per hr.	1200-1300 single colour	500 - 600 two colour
